Purker, Budget & Co

We're Going to Take Stock.

-But before we begin we want to make things a little lively. So this is what we have done.

We've gone through our Men's Clothing stock and picked out small lots, odd lots and almost complete lots of certain styles that were a little backward in going forward, all good suits in excellent patterns and qualities that have commanded as much as \$18.

We've bunched them together into one large lot, and offer you your

There are all sizes, thus almost any man may be fitted—but not every size in every style—so the early comers, naturally, have best choosing. There are also Youths' sizes—from 15 to 20 years.

There are also routing sizes—from to to 20 years.

This is a plain statement of facts. It would almost be a waste of effort try and interest you with a combination of strong adjectives.

You are acquainted with our straightforward methods, you are familiar

with the character of our clothing, you know the interest and merit all Parker-Bridget offerings are possessed of, thus you may expect just what

We've labored too hard and long to win your confidence to endanger

it by offering less than we advertise.

We deal in facts—this clothing business would not keep growing otherwise.

The styles as above stated are the best of the season, and in weights suitable for present and future wear. Many are amazingly like the ones

that will open up the "fall" selling.

Have we spoken plain enough? Yes? Well—you've a privilege that
hasn't been accorded before this season; of choosing from suits that have sold as high as \$18-for \$7.75.

VOICE THEIR DISAPPROVAL

> MASS MEETING OF CITIZENS OF NORTHWEST SUBURBS.

There was a mass meeting of the citizens of the county north of Georgetown last evening at Bt. Ann's parish hall, Tenleytown, which was called under the auspices of the Northwest Suburban Citizens' Association

order, with De, John W. Chappell, the secretary of the same organization; officiating as secretary of the meeding.

Mr. Lancaster fead a series of resolutions for the consideration of the meeting, setting forth that the officers of the Washington Traction Company have announced, through the fear on the Tenleytown and Brightwood raliroads after the 15th instant, without censultation with the patrons of said reads, and as the citizens, of the northwest suburbs, including Cleveland Park, Tenleytown and Somerset Heights, are unanimously opposed to said increase of fare, do now, in mass meeting, assembled, solemnly protest against it.

Backward Movement.

against it.

Backward Movement.

The resolutions further declared:

"We are unanimously of the opinion that
the proposed increase of fare from six tickets for twenty-five cents to four tickets for twenty-nve denies is a catalant which will seriously injure the citizens of this section, destroy the present inducement of cheap transportation for people to live and invest their money in this section, and thereby decrease the number of patrons of

thereby decrease the number of patrons of said read.

"If the road is not paying its stockholders a fair interest on their investment, which we neither affirm nor deny, since we have not been shown an official statement of the receipts and expenditures, we are fully satisfied that the road has not received its full share of patronage because it has run its cars in such ant-uncertain and irregular manner that thousands of its patrons in the city and suburbs have refused to ride on its cars, and have preferred to ride on the cars of the Capital Traction Company. We believe that if the management of road is improved and made satisfactory to its improved and made satisfactory to its caps.

patrons the travel will very largely increase.

"In view of the important interests involved and the serious differences existing between the people and this corporation, and with a view of harmonizing these issues, we hereby direct that a committee of seven, we hereby direct that a committee of seven, we hereby direct that a committee of seven, present them this meeting, be appointed to the company, and the committee is hereby authorized and empowered to use all legitimate efforts to induce said officers to recede from their proposed action, and said committee is instructed to report to an adjourned meeting of this body on Monday, August 20, 1900, at 8 o'clock p.m."

The Matter Discussed.

Journed meeting of this body on Monday, August 20, 1800, at 8 o'clock p.m.'

The Matter Discussed.

In presenting his resolution Mr. Lancaster made a vigorous speech against the inauguration or return to the pid suburban ticket. It was his opinion that, the railroad corporation should open its books to the public if it wants to be fair, and let them see if it is making or losing money. The road, he said, had a charter from the public, it was supported by the public and should be run add to the should be run add to the public and should be run add to the run add that the road was suffering from a mismansgement bordering on criminality, with cars running in some instances fully fifty minutes apart, while in other instances there would be a bunch following cach other in close succession.

Mr. James L. Tail of University Heights that the road was son which he insisted that the road was to which he insisted that the road was and evening. The running of through cars to Washington was cut off, and yet there was no better service on the road. In his opinion the cars ought to run straight through to Washington. He inquired if the road is not paying why the public and the road was informed that it made the run easy, there being very little to do in the hauling line.

Mrs. Alice U. Hunt presented a newspaper clipping, in which the general manager of these promises, expended 16,000 in erecting a school near Tenleytown, and speat many thousand circulars all over the country advertising his place. Mrs. Hunt thought thous little promises, expended 16,000 in erecting a school near Tenleytown, and speat many thousand circulars all over the country advertising his place. Mrs. Hunt thought thous little promises,

Believes Patrouage is Increasing fined that every month, the patronage of the railroad is increasing and if better service were given more people would use the cars. Mai, Géorge A. Armes stated that it was the intention of C. Armes stated that it was the intention of C. Armes stated that it was the intention of the cars of the consolidation of the roads was great the consolidation of the roads was great the consolidation of the roads was great the cars on the road were permitted to run themselves. There have been several superintendents, but so the consolidation of the property spoke of the money invested in property spoke of the property

town merchants could look after their own business the same as the Tenleytown merchants did theirs.

"Across the same as the Tenleytown merchants did theirs." as he expressed it. made a humorous speech, in, which he depicted his troubles with the railroad. He was in favor of sesticento Georgetown and also through cars.

"Mr. Tait was emphatic in his suggestion that the committee he instructed to ask for through cars to Wilshington only, and for through cars to Wilshington only, and for through cars to Wilshington only, and the committee he is the same of the committee of the control of the committee of the committee to gate the committee to gate for a regular schedule, for through cars then for a superintendent to look endred attendent to look endred attendent to look endred attendent to look endred attendent to hook on the committee to gate the committee to make the appointment, and they, with the resulter amendments, and most unanimously on the chair announced the appointment of the committee, as follows: James I. Tail; F. F. Beat. John W. Chappell, James R. Ellerson, Miles Fuller, Proc. Louis F. Hooper and Major George A. Armes.

When you begin to compare "AUGUST CLEARANCE SALES" there are four points of advantage in our favor. You must not forget-HIGH-CLASS VALUES, EXCLUSIVE STYLES, LARGE STOCKS and the wonderful PRICE POWERS that we gain from a CASH BUSINESS. With this quartette to our credit we set out to BREAK ALL RECORDS and eclipse our own previous efforts.
